REPORT OF THE BOARD OF EDUCATION

Last spring we thought best to transport the North Primary scholars to the Village school as had been done the year before, but finding there were twelve or more scholars for the fall term we thought best to open that school. We find for the winter term there are seventeen scholars enrolled in that district. We are aware that there has been some fault found with the teachers but we have done what we thought was best. The schools have each been in session twenty-nine weeks. The teachers have been paid six and one-half and seven dollars per week for the Primary Schools, nine and one-half and ten dollars per week for the Grammar. All studies required by law have been taught. At the October enumeration we found eighty-six scholars. Whole number of scholars attending schools, eighty-nine. Number attending out of town, eight.

ROLL OF HONOR.

ONE TERM.
